My name is Bobby Lyon. I'm a short bald guy with a pony tail and a handle bar mustache. About a month ago my wife, another couple and I were on our way to your cabin on the Bull Pasture River. We stopped in for dinner. You came over to our table to check on us. I commented on not seeing your father. You proceeded to send him out from the kitchen. We laughed and talked, I said I missed his singing where he said you wouldn't let him sing anymore.

Well I just came across your web site and think that it is GREAT. Thank you for setting it up plus I got to here Victor sing again. Good Job.

We look forward to being there with you y'all again and I will spread your website around Roanoke and tell everyone about you Restaurant.

Thank you

Thank again

On a recent vacation to Virginia, our family 'stumbled' upon your little town and restaurant. We were so impressed with the wonderful food and atmosphere of your place. We even ordered an extra pizza to bring all the way home to Indiana! We are disappointed to see your delivery is only to a limited area...(LOL!)...and can only assume "IN" is not in the limited area! We hope to make a return trip to your place again.

Thanks for the great memory!
